

PT Workgroup Update & Motions

1/25/2021

Meeting

- 1/4
 - Ryan Zboralski, Sara Sekerak, Anastacia Green from Ecology
 - Nick Poolman from WSLCB
 - Qing Gu from WSDA
 - Steve LaCroix from DOH
 - Jay Burns from Treeline
 - Steve Loague from Integrity
 - Kyle Shelton From Medicine Creek

PT Roles for the ICT

- This motion would outline additional roles the Interagency Cooperative Team (ICT) would fill in oversight of the in-state PT provider(s). The ICT should, at a minimum:
 - Serve as the liaison between the labs and PT provider for items such as scheduling, transport, and quality concerns
 - Investigate PT quality issues of 3rd party providers
 - Develop the scope of any necessary contract(s) with a 3rd party PT provider
 - Review bids of any necessary contract(s) with a 3rd party PT provider to ensure LAU, applicable RCWs/WACs, and CSTF requirements are met

PT RECORDS NEEDED FOR LABS TRANSFERRING FROM RJ LEE/WSLCB TO ECY'S LAB ACCREDITATION UNIT

- This motion would outline what minimum PT records are necessary for labs transferring accreditation from RJ Lee/WSLCB to ECY's Lab Accreditation Unit. At a minimum, all PT data in the last 2 years will be submitted. This data should contain each required analyte under the Field of Testing model in at least one matrix. This must be done before the Lab Accreditation Unit will schedule the on-site assessment.

Thank you
